

# ELECTRALINE GROUP DESCRIPTION

---

Electraline Group was established at the end of the nineties through the purchase of some companies that have been dealing in the production and in the sale of electrical material for the big Bricolage and Food Stores for several years.

At present Electraline controls 3 production branches and 6 distribution companies respectively

- in Italy (Electraline 3PMark SpA)
- in France, Belgium and Netherlands (Electraline CBB S.A.),
- in Portugal and Spain (Electraline Iberica Ida)
- in China (Electraline China Ltd and Ningbo YLK Ltd)
- in Russia (O.O.O. Electraline Russia)
- in Switzerland (Electraline Logiplus S.A.)
- in Latvia and Romania (Electraline Baltika SIA)
- in Ukraine (Electraline Ukraine LLC)

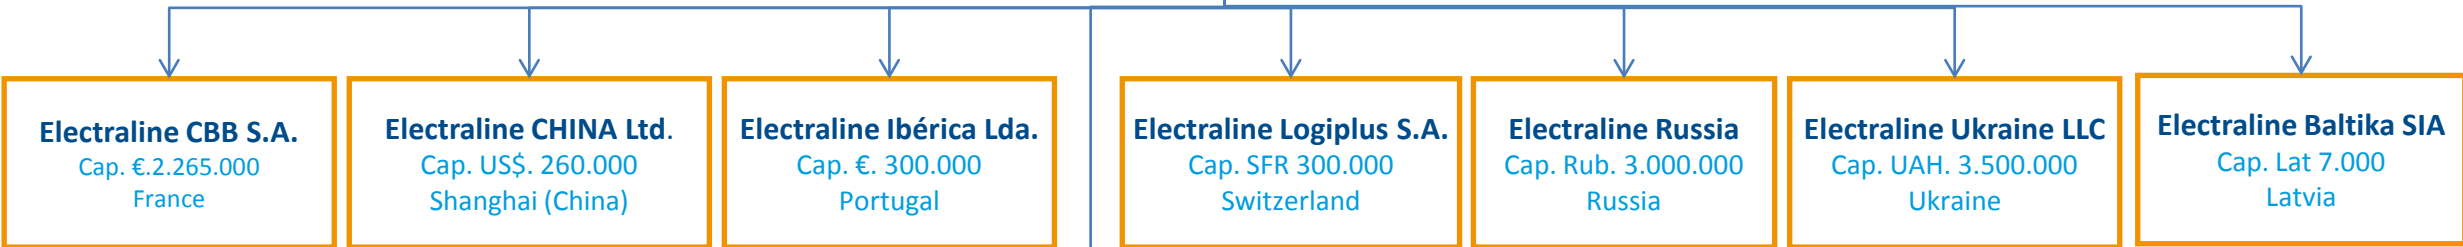

Electraline has profited by the experiences of his companies and under its direction they have specialized but they have always kept the necessary flexibility to offer a reliable service to their customers. The good geographical location of its companies and its distributors enables quick deliveries to every store in all the mentioned countries above.
